What do I do with my bike or scooter?

Bring your bicycle home with you for the holidays, if possible. If you plan to leave your bicycle on campus over break, please remember to lock it properly in a well-lit area. Due to fire regulations; scooters and motorcycles cannot be stored inside UF buildings.

- Identify your bike by registering it with the University of Florida Police Department. Bicycle registration helps deter would-be thieves and increases the chances of recovery if your bike is stolen!

- Keep your bicycle secured with a U-lock at all times.

- Everyone should check their bike before leaving town to be sure that it is properly locked and secured. Make sure you have locked the rack, the wheel, and the frame together. If possible, remove your lights and seat.

What do I do if I’m moving out?

**Residence halls will close on Saturday, December 20, 2014 for the winter break.**

If you are moving out or changing residence halls; make sure all of your personal property is removed from your present residence before departure.

SNAP CLOSINGS

SNAP will be closed December 20th through January 3rd and will resume service January 4th, 2015 at 6:30 p.m.
